rotaractclubofaurangabad@gmail.com

Dear Rotaractors

Rotaract Greetings, I am feeling very glad to interact with the Rotaractors through this Joint Bulletin. I am very thankful to Rtr. Kashmira who proposed me for the Sister Club. I appreciate her efforts and dedication towards Rotaract. I also congratulate the president Rtr Lekh Mithawala for being the president of Rotaract Club Aurangabad.

The aim of starting Rotaract was to develop professional and leadership qualities in youth. So whatever we do through Rotaract, we do for ourselves. If we are doing some social work, we should never think that we are doing it for society. Because we are just the means to do something **“For the People..By the People”** and through this we get those required skills.

I wish all the members of Rotaract Club Of Aurangabad a great year ahead.

Keep the Rotaract Spirit High.

To all who are always there for me.....

I extend my heartiest heartiest thanks to my parents, friends, IPP Rtr. Kedar Joshi & my Rotaract Club mates for showing tremendous faith in me.....I thank Rtr. Amit Singhal and Rtr. Sathya Seelan

Great work by our editor, Rtr. Prajakta and specially to my two hands... Rtr. Pavan More and Rtr. Kashmiri Puranik, who have taken this huge responsibility without any rotaract experience. Hope they give great shocks by their creativity and thoughts....

Don't know what to write.. I feel my actions and works will speak for my emotions.....
So guys, lets "Join Hands and Connect our **Hearts**!!!!!!!!!!!!!!!!!!!!!!"

President's Desk

A warm CACILIAN's greeting,

It has been journey, started in June 2007, 18 members, over a hundreds of community service projects. It is a great pleasure to carry the torch for another year, with full energy and harmony to run on the path of success.

Being pioneers starts from our inside, being passionate to work is our motive, our friendship is the sweet taste of working together and our commitment, cooperation and passion to work is the reason behind our success.

We all here together one for the other, there is no perfect person but sure there is a perfect team. CACIL is rich with its variety of members with unique skills that if put together create a great power and impact.

We are working together to strengthen our 4 avenue of

service and build a strong bond among us, CACIL's era is shining by the strong relations and the professionalism of its members. Sharing success and experiences, being part of the Rotary family in Coimbatore Millennium, working with our fellow Rotaractors in RI Dist 3201 is empowering us to serve. Being part of a unique district is the chance to learn,

Lets lend a hand to serve without borders and find the way to touch the sky and reach the stars. We are the TEAM where Together, Each Achieves More. This is the CACILIAN's spirit we are spreading wherever we go.

Hello my dear Rotaractors,

It's my great pleasure to be a part of the Joint Bulletin SCRIPTZ. It's a beautiful name.

First of all I thank my mom and dad for giving me this opportunity to be part of this mysterious and puzzled world. I dedicate this entire Rotaract year to them since their dedication in bringing me up has given me an opportunity to be a leader for this prestigious Rotaract moment. Being a Rotaractor is a gift that is bestowed upon us by god so my next thanks goes to the almighty.

Exactly 365 before this day if somebody said you will be the DRR of 3201 I would have replied "In your dreams". But today such a big dream has come true I am overwhelmed to be the DRR of RI District 3201 for the year 2011-12. Rotaract has given me a lot in my life which includes being a president of a club and leads a

bunch of budding youngsters. Now it's my turn to give back to Rotaract as a DRR by serving our district. This year the youngest team is taking over the cabinet, I guarantee you that me and my team will work to Raise Rotaract Standards.

Let Us Rise To Raise our Rotaract

'To Reach Within To Embrace Humanity'

rotaractclubofaurangabad@gmail.com

Dear Rotaractors,

Monsoon Greetings!!

As we do every year this time you are going through the SANKRAMAN. Means Change, which is the ultimate truth.

You have witnessed one of the finest year of Rotaract Activities last year. You have achieved great heights; you have realized unfulfilled dreams, showed your strength as a Team and received appreciation from every one. All the credit goes to the endless efforts put in by Rtr. Kedar and every one who supported him throughout the year.

As it is said achieving success is great but challenge then comes, how you sustain it? How you maintain it? You have the same challenge in front of you.

Your Club is one of the oldest Rotaract Clubs. Every one in the district and around has seen you perform exultantly; hence you have increased expectations of all and yourselves.

You have to be focused, & creative. You have to work as a Team and maintain the momentum of the success. Leaders are there to Lead but supporters have to support the Leaders to achieve success.

Reach Within to Embrace Humanity

It is agreed that every one can not give equal time to the organization but every one should participate, share the responsibility & just play his/her own part efficiently and effectively. If you do so nothing can stop you from making great change. You have excellent Team of young talent; every one is unique and has great skills and network to achieve anything.

You have created a bond, bond of friendship; you have to strengthen it more. You have done some wonderful projects till now you have to think of more. You have achieved great heights but you have to remember there is always space at the Top.

I request every new member to understand his/her Roll in the Club. They should just play their instrument well. Rest you leave to the Leaders to synchronize the Orchestra to create wonderful melody from the Band.

I wish every Rotaractor a wonderful year of Rotaract Activity ahead.

Give strength to the new Leadership of Rtr. Lekh.

Monsoon Greetings

from the desk of the IPP...

This is indeed a pleasure for me to write at this outset for the first ever bulletin of Rotaract Club of Aurangabad, which is publishing not only as joint bulletin but as the tri-bulletin (bulletin jointly published by the 3 clubs).

I always try to edify the people about Rotaract. And friendship through fellowship is the motto of Rotaract; this is a sweet coincidence that this bulletin is being published on Friendship day.

As a mechanical engineer, my innate tendency is to relate things around with my mechanical world. A very fundamental distinction of our human lives is Feelings. Regardless of their fidelity and smart brains, machines are instilled with; they will lag behind on the subject of feelings. Rotractivity is all based on these feelings and Friendship with special feelings is Rotractivity.

This tri-bulletin is the success of 2 avenues for the Rotaract Club of Aurangabad; International Service as well as Editorial & such endeavors at the start of the year heralds the upcoming plans of the Club. I would take this opportunity to extend my special congratulations to Rtr. Prajakta, Rtr. Kashmira & Rtr.

Pavan for there Earnest efforts. I shall always savor the Bonhomie gestures of my fellow Rotaractors.

I congratulate to other 2 clubs also, Rotaract Club of Ladwa & Rotaract Club of Cacil for this Tri-Bulletin. I am grateful to the benevolent & sincere efforts of the 2 club office bearers. I look forward for more such mellifluous ventures.

I pray to god that let my services and my dedication towards Rotaract be the same. And hope for more and more such bulletins in future.

A very happy friendship's day to all my Rotaract Friends...

Yours Truly in Rotractivity,
